- Who created the CGA?

- What items are included in the CGA?

And much more!

A Common Grant Application (CGA) has been created for Missouri grantmakers to streamline the grantseeking process. This is a free tool that has been made possible through the generosity of the region's grantmakers.

The goals for the creation of this application were to:

- Design a standard, yet customizable, Common Grant Application (CGA) for Missouri grantmakers.
- Allow Missouri grantmakers and grantseekers to work from a common set of questions that reinforce solid nonprofit practices.
- Save grantseekers time and effort by using a streamlined format for many different applications.
